### **Health Guarantee**

For the protection of the purchaser and the seller, the puppy must be examined by a licensed veterinarian within 72 hours of taking possession of the puppy. If the puppy is found to have a life threatening hereditary congenital defect or any major health problem at this exam, a replacement puppy of equal value will be given, provided that the seller is notified within 24 hours after the exam. The replacement puppy will be mutually agreed upon by both parties and will be of comparable quality. It is understood that the replacement puppy may not be from the exact same parents as the original puppy. If the buyer does not take the puppy to a licensed vet within 72 hours after the exam, this warranty becomes null and void. This puppy must be returned to the Breeder along with the AKC registration papers within 72 hours, at no expense to the breeder, with a signed document from two non associated licensed veterinarians stating the defect or problem. We, the breeder are not responsible for any veterinarian bills acquired by you, the buyer.

Some disorders may be caused by environmental factors, for example: coccidia, giardia, kennel cough, cancer, demodectic mange, scabies, pinkeye, allergies and other auto immune system disorders and these are not covered in this guarantee. This guarantee does not include injuries, fleas, mites, or any other intestinal worms/parasites, as they are common in dogs and puppies. Our puppies are vet checked prior to leaving our home and you will be provided with his/her medical findings. This guarantee does not include uneven bites, undescended testicles, Class I or II insignificant murmurs, inguinal or umbilical hernias. We, the Breeder will not be responsible for Parvo, Distemper or Corona Virus after 48 hours of the sale, as these are highly contagious diseases and they can be contracted immediately after leaving the Breeder. We will not be responsible for illness or health problems, which are diagnosed after this time period, except where stated in this contract.

Your puppy is guaranteed for 1 year from the date of birth against life threatening congenital defects. If within that time a life threatening congenital defect (not to include parvo virus, distemper virus, heartworms or any nutrition related disease) is attested to by TWO non-associated veterinarians and the reason is congenital, the Breeder will replace the puppy with another puppy of same breed, quality and price, if our Vet agrees with the required written reports, for the two non-associated licensed vets.

**The breeder must be notified at the onset of the problem in writing, with a report from the veterinarians. The replacement will be subject to availability (within 12 months). If cause is unknown, an autopsy is required. The Breeder will not be responsible for Vet or Medical bills incurred.**
